Who We Are

eMpowerment Inc. is a youth development organization that strives to make a positive impact in the lives of teens through educational opportunities and on-line resources. The mission of eMpowerment Inc. is to equip young people with the knowledge and confidence to make positive life choices. Our goal is to develop young leaders through education and empowerment and create a well-informed community to provide support for the development and success of young men and women. eMpowerment Inc. focuses on two concentrated areas in order to accomplish its mission, life skills and leadership development. Life Skills refer to positive behavior and practices that allow individuals to successfully confront and conquer the demands and challenges of everyday life. Leadership is the ability to gain the confidence, respect and loyalty of your peers toward a common goal and inspire them to dream, learn, do and become more in return. We operate in-school programming in southeast Nashville MNPS middle and high schools on self esteem/character building, future planning, college prep, financial literacy and leadership. We also award an annual academic scholarship to an MNPS student valued at \$1000 or more.

What our School Partners Say

Wright Middle School is in its third year of partnership with eMpowerment Inc. Throughout our partnership, we have been able to host a guest speaker and Black History Month presentation. We have also had 25 young women in need of guidance, mentorship, encouragement, and empowerment to go through the GEM club program. The feedback from the girls was very positive and the teacher who supported this club was quoted as saying "I loved being a part of GEM! It was an amazing experience!"

In addition to mentorship, eMpowerment Inc. has supported the students and families of Wright Middle School through donation of high need items. Each year we have received stuffed backpacks so that all of our students can start the year with everything they need. Each year during the holiday season, eMpowerment Inc. adopts all of our students experiencing homelessness and provides them a blanket, hat, and gloves as a holiday gift. These donations help support our students feel supported and cared for, which in turn creates positive outcomes in school.

My experience working with Janelle has been overwhelmingly positive. She is always willing to try new things and is flexible and creative. When Janelle learned that we were establishing a teachers lounge in our building, she showed up a few days later with decor, art, and table dressings to make the room truly warm and welcoming. Each small detail helps our staff be able to relax and decompress when they come into the space. Janelle is good at noticing the small things that have a big impact.

I am truly grateful for the partnership between Wright Middle School and eMpowerment Inc.!

School-community partnerships play an essential role in the success of the school and students. For over four years I was able to witness first-hand the impact that eMpowerment Inc. had on our school community. Janelle and her team went above and beyond, supporting our students, families, and staff. Through our partnership, we were able to provide a safe space for girls to talk and bond, offer college and career activities, bring in motivational speakers, and ensure that students had basic needs such as school supplies. I am thankful for organizations like eMpowerment inc. and their investment in our youth.

Dream Big BOWLING FUNDRAISER

Our available sponsorships provide companies and organizations with an opportunity to enjoy a fun team outing and support an important cause.
