ABOUT US

The mission of eMpowerment Inc. is to support students of color in the southeast quadrant of Metro Nashville, Davidson County by providing them with the tools, guidance and resources they need to overcome obstacles and reach their full potential.

eMpowerment Inc. envisions a future where students of color in Southeast Nashville **thrive, believe, connect** and **lead**.

This future is fueled by eMpowerment Inc.'s unwavering commitment to:

- Building a foundation of opportunity: Providing access to essential resources, academic support, and enriching experiences.
- Fostering a nurturing environment: Cultivating a safe space where students feel valued, respected, and empowered to succeed.
- Celebrating diversity: Embracing and celebrating the unique cultural identities and backgrounds of each student.
- Inspiring lifelong learning: Igniting a passion for knowledge and equipping students with the skills to navigate their journey.

PROGRAM

HIGHLIGHT

Empower University, isn't just an educational program; it's a life-changing roadmap for students of color in Southeast Nashville who dream of achieving their full potential.

Starting in 9th grade, we empower students to chart their course, make informed choices, connect with mentors, master life skills and conquer challenges.

We champion inclusivity, welcoming both college-bound students and those pursuing trades, ensuring everyone has the tools and support to succeed.

Upcoming Events

**June
5-6**

Career Explosion

Students will elevate their professional game with workshops on interview skills, communication, and leaving a lasting impression. Connect with diverse professionals through panels, fireside chats, and presentations, gaining insights into exciting career possibilities.

**July
15-19**

Summer Success Institute

During the Summer Institute, students will embark on a journey of self-discovery and strategic planning! They will research different pathways to their chosen career, including traditional college degrees, trade schools, apprenticeships, and alternative options and begin crafting their personalized roadmap to success. By the end of the Summer Institute, students will have a clear vision of their desired path and a concrete plan to achieve it.
